EDUCATION

Shivalik College of Engineering — **Aug 2024 – Jul 2028**
B.Tech in Computer Science and Engineering — Dehradun, Uttarakhand

Saraswati Vidya Mandir Inter College — **2024**
Class XII (UK Board) | 76% — Rishikesh, Uttarakhand

TECHNICAL SKILLS

Languages & Frameworks: C/C++, JavaScript, React.js, Next.js, Node.js, Express.js, HTML/CSS, Tailwind CSS
Databases & Tools: MongoDB, Mongoose, Git, GitHub, Cloudinary, Docker, Postman
Core Concepts: Data Structures & Algorithms, OOP, REST APIs

EXPERIENCE

Zetheta Algorithms Private Limited — **Aug 2026**
Full Stack EngineerT Intern

- Developed a multi-step loan application form for a full-stack web application.
- Built responsive UI components for mobile and desktop devices.
- Fixed application bugs and improved overall functionality.

C4 Cause — **May 2026 – Jun 2026**
Web Developer

- Built and deployed websites for Smadhuna Foundation and JMD Global Services using Next.js, Tailwind CSS, Node.js, Express.js, and MongoDB.
- Developed backend APIs using Node.js and Express.js for data handling and database integration.
- Created responsive layouts, service pages, and reusable web components based on project requirements.
- Collaborated with team members and deployed the completed websites on Vercel.

PROJECTS

Backora – Backend-as-a-Service | Tech: Next.js, JavaScript, Tailwind CSS, Node.js, Express.js, MongoDB

- Built and deployed a BaaS platform where developers manage projects, collections and API keys, with a public API that adds signup and login to their own apps.
- Implemented JWT authentication (access and refresh tokens in httpOnly cookies, silent token refresh), protected routes and API key validation.
- Added Redis-backed rate limiting (per IP, per user, per API key), Cloudinary image uploads and email notifications.
- Built a Gemini-powered assistant (function calling) and a dashboard that create projects, collections and API keys from chat, with confirmation before deletes.

ShrinkIt.io – URL Shortener | Tech: Next.js, Node.js, Express.js, MongoDB, Tailwind CSS

- Built a full-stack URL shortener with JWT authentication, custom links and QR code generation.
- Created a dashboard to view and manage previously generated links.
- Developed REST APIs with Node.js and Express.js and stored data in MongoDB. Add a real number if you have one (links created, users).

ACHIEVEMENTS

- Completed the GeeksforGeeks 160 Days DSA Challenge and earned a certificate, strengthening problem-solving and Data Structures and Algorithms skills.
